

BOW GARDEN CLUB

Come "Grow" With Us!

Friendship - Our Bow Garden Club membership is open to both men and women from the area at every skill level--from novice to expert. Everyone has something to contribute and we can always learn from each other and have fun in the process!

Skills - We offer free educational programs at each of our membership meetings—programs on container gardening, vegetable gardening, annual and perennial plantings, horticulture, basic landscaping, flower arranging, birds & butterflies, water conservation and more.

Sense of Community – We are dedicated to serving our community. As a member, you would have the opportunity:

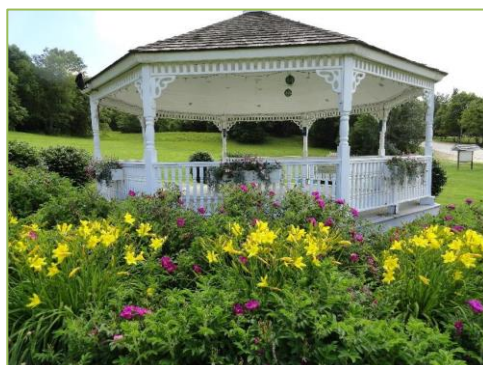

- To participate in the civic beautification projects we have within the Town of Bow during the spring and summer months,
- To assist with our annual collection of new pajamas and nature-related books for needy children in the fall and
- To work at our greens workshop making fresh green swags and decorating balsam wreaths for all the town buildings, gazebo and signposts in the winter.

Our organization awards an annual scholarship to a Bow senior interested in any form of study involving the environment or horticulture and gives an annual donation to Bow's Human Services Department. We also enjoy working with other community organizations toward common goals.

Affiliations - The Bow Garden Club is a member of the New Hampshire Federation of Garden Clubs, New England Garden Clubs and National Garden Clubs. These affiliations are extremely helpful to us in regard to ability to procure good speakers and for educational resources and guidance. Networking is the best!

Come join us! Why not join with us to share your love of gardening or to simply learn more about it? Come take part in our ongoing civic beautification projects and help us keep Bow beautiful!
